供应商购买历史

Return goods to supplier

Draft a return of defective or over-supplied stock. Add part lines with the quantity and receiving branch; unit cost defaults to the part's current FIFO cost and is finalised to the actual layered cost when you post.

~~Invoice / Cash Sale~~

~~Stock Transfer~~

~~Purchase Order~~

Purchase Return

Header

Which supplier, the date, and (optionally) the original bill this return credits.

SUPPLIER

Q Search suppliers...

Type a code or name.

DEFAULT BRANCH

MTK · Mentakab HQ

Stock is returned from this branch unless a line overrides it.

REASON

Defective / over-supplied / wrong part...

RETURN DATE

26/07/2026

RETURN AGAINST BILL

— None (reduces the supplier's old

Optional — credits this supplier's payable, that bill first.

W

Goods Receive

Record goods arriving from a supplier. Link the PO to pull its lines and prices in, adjust what actually arrived, then save — stock is received (FIFO) and the payable posted together.

Header

Which supplier, their invoice number, and the branch receiving the goods.

SUPPLIER

Q Search suppliers...

Type a code, name or phone.

BILL DATE

26/07/2026

SUPPLIER INVOICE NO.

e.g. INV-88213

Must be unique for this supplier.

TERMS (DAYS)

Drives the due date.

BRANCH

MTK · Mentakab HQ

Default branch receiving these goods.

LINK TO PURCHASE ORDER

Needed for goods receipt

Line items

Stock lines receive parts into a branch (opening FIFO layers); expense lines book a cost. Saving posts the payable and the inventory/FIFO effect.

No lines yet. Link a PO above, or add a stock or expense line below.

ADD STOCK LINE

~~ADD EXPENSE LINE~~
